EXPERTS

Emergency
Spill Response

A better way to handle an emergency spill response.

HOW OUR SUBSCRIPTION PROGRAM WORKS

Many organizations are required to implement an around-the-clock preparedness program. The Spill Response Experts Subscription Emergency Response Program was designed to provide you with total peace of mind. Once enrolled, a participant gains access to our national response center 24 hours a day, 7 days a week, 365 days a year. Participants receive these services as well as discounted material and service fees for a small annual fee.

BENEFITS

- Rapid response to emergency incidents
- Access to our Emergency Response Call Center 24/7, 365 days a year
- All paperwork is done in advance and entered into our systems, saving valuable time
- Reduced pricing
- Guaranteed compliance

FEATURES

- Expertly Trained and Equipped Response Teams
- Locally-Driven compliance and regulatory direction
- Expert material handling of all hazardous materials
- Emergency pump outs
- Emergency lab pack services
- Regional and Site-Level project management alignment
- Site level reporting and compliance documentation
- Site-Specific implementation of Spill Prevention and Control Countermeasures (SPCC)
- Single price list
- Supporting educational materials and safety signage

HOW OUR ON-CALL PROGRAM WORKS

Our on-call service is available to anyone 24/7. All you have to do is call the Spill Response number listed. We will assist you in evaluating your situation, help you complete your paperwork and get a response team on the way quickly.

We recognize that everyone's goal is to not encounter a need for these services. We simply aim to be your partner if the unexpected occurs, providing quick and easy solutions. Once a participant's pertinent location information is on file, we are able to provide emergency response services immediately.

HOW EMERGENCY RESPONSE WORKS

Spills, releases, or other environmental incidents that require emergency response services are stressful. Our expert Spill Response teams aim to provide our customers with the most straightforward and uncomplicated experience possible. We quickly and efficiently handle incidents of scale across all industry sectors.

WE HANDLE:

- Oil & Fuel Spills
- Biohazardous Response
- Emergency Lab Packs
- Emergency Pump Outs
- Hazmat Response
- Transportation Accidents
- Trauma Cleanup
- Natural Disasters
- High Priority Waste Services Requiring Less Than 48 Hour Pickups

EMERGENCY
RESPONSE.

OUR PROCESS

- Fully trained and equipped response teams
- All work is completed in compliance with federal, state, and local laws and regulations
- Regional Sales Director and site manager work in partnership
- Comprehensive report after completion of the response project
- Implementation of Spill Prevention and Control Countermeasures (SPCC)
- We handle all materials
- Emergency pump outs or lab pack services
- Emergency pricing does not apply to after-spill remediation services
- Single price list
- Phone labels, office placards and other materials are provided to implement the program

COMMUNICATION, EVERY STEP OF THE WAY

We never make decisions without fully communicating the details (and costs) to the customer. Our Technical Directors and on-site teams keep you involved in the decision-making throughout the entire process.

EMERGENCY PRICES ARE LIMITED TO EMERGENCY WORK

Many companies continue to operate and provide work at emergency pricing long after the emergency response teams have been dispatched and the incident has been contained. If second-phase work is required, we no longer apply emergency pricing to these services.

24-HOUR RAPID RESPONSE

Emergencies are unpredictable. When the unexpected occurs, we will be ready to respond 24 hours a day, 7 days a week, 365 days a year. We are able to dispatch emergency services anywhere in the United States and Canada.
