

**HAZARDOUS  
WASTE EXPERTS**

**ANY WASTE. ANY PLACE.**

## FAST. COMPLIANT. TURNKEY.

Hazardous Waste Experts is a one stop solution for hazardous waste removal.

### OUR SERVICES

#### HAZARDOUS WASTE

Our expert team assists organizations across all industry sectors in managing the collection and disposal of high risk and specialized hazardous waste streams. With national coverage, our services are underscored by an unparalleled commitment to customer service.

#### EMERGENCY SPILL RESPONSE

Our expert team dedicated to emergency spill response services works with customers to develop appropriate emergency spill response plans. Our comprehensive and fully compliant on-call program saves organizations time and mitigates risk in the deployment of critical response procedures.

#### MEDICAL WASTE

Our healthcare waste specialization (hazardous and non hazardous) delivers services to support medical clinics, laboratories and pharmaceutical companies in disposing of medical waste streams, RCRA hazardous waste and bulk pharmaceuticals.

#### ENVIRONMENTAL REMEDIATION

Our environmental remediation services scale across all industry sectors including construction, manufacturing and refineries. Our expert team oversee the licensed removal of all contaminated material, from asbestos to storage tanks, all underscored with a commitment to the most environmentally responsible treatment methodologies.

## WHY HAZARDOUS WASTE EXPERTS?

### FAST QUOTE, NO OBLIGATION.

The first person you speak to will be knowledgeable about the issue you are trying to resolve, and will be able to assess your needs and answer your questions. Our proprietary quote engine allows us to direct your inquiry to the most suitable expert, and provide an accurate quote faster than any other company in the industry.

### TURNKEY SERVICE

Our proprietary platform enables full tracking and reporting visibility across all of your waste interactions. Our turnkey service saves you valuable time, while deploying the highest compliance checks to minimize risk and exposure.

### SERVICE COMPLIANCE

Our knowledge base will help ensure you stay compliant. We only use vendors who pass our rigorous screening process. Our knowledge base is constantly being updated with the most current EPA & DOT regulations.

### NATIONWIDE SERVICES

We can handle your hazardous waste transportation and disposal challenges anywhere in the United States. Our highly qualified, trained and certified technicians are on call to react to your needs – wherever you are.

### OUR TEAM OF EXPERTS

Many companies claim to be experts, but at HWE we can back it up! Our technicians have an average of 20+ years career experience in navigating regulated waste solutions; expertise that is complemented by our industry best-in-class hazardous waste knowledge platform.

## OUR SUSTAINABILITY.

Across the full spectrum of services delivered by our team at Hazardous Waste Experts, we are dedicated to achieving the lowest sustainability-impact solutions.

As a company, we are driven by a “leave no trace” philosophy; solving waste problems should not create environmental problems.
